OUR COMMITMENT

As part of our standard practices, we prioritize sustainable manufacturing that meets today's needs without compromising the future.

For over 50 years, we've been members of the National Hardwood Lumber Association (NHLA), maintaining a current NHLA Sustainability Certificate.

Through this partnership, we uphold responsible forestry practices and source hardwoods exclusively from NHLA-affiliated mills that share our commitment to sustainability.

We take pride in sourcing our hardwood lumber from NHLA affiliated lumber mills in the United States.

CARE & MAINTENANCE

HOW TO CARE FOR YOUR BOOS BLOCK®

Proper care and maintenance will keep your wood surfaces beautiful for a lifetime. The application of Boos Block® Mystery Oil is recommended at least once a month. The more often it is cleaned, the more often it should be oiled. A dry appearance is a sure sign it is time to oil your wood surface. Thoroughly coat the surface and allow the oil to penetrate overnight. Wipe off any excess oil in the morning.

As wood products will naturally acclimate to their environment, regular application of Boos Block® Mystery Oil will help protect your wood surfaces from changes in humidity due to weather. You should pay careful attention during the changing of the seasons as humidity levels can change rapidly.

For additional protection, Boos Block® Board Cream should be applied as a secondary moisture barrier in between oil applications. Simply apply an even coat and wipe off the excess for maximum protection.

BOOS BLOCK® BOARD CREAM

This all natural formula penetrates deeply into the grains of the wood, leaves a silky wax barrier and locks moisture in. Used every 3-4 weeks, Boos Block Board Cream will replenish the moisture lost from repeated washings, keeping your butcher blocks, cutting boards and utensils from drying, bleaching and cracking. Boos Block Boar d Cream is a special combination of natural unbleached beeswax and food grade mineral oil. Recommend use with Boos Mystery Oil.

CUTTING BOARDS - BUYERS GUIDE INFORMATION

STANDARD SPECIES

NORTHERN HARD ROCK MAPLE

Northern Hard Rock Maple is the strongest and most dense of all species of maple. Used primarily for furniture and flooring, Northern Hard Rock Maple makes a great, affordable cutting board.

AMERICAN BLACK WALNUT

Prized for its dark tones and tough structure, American Black Walnut is a sought after species for cutting boards. The white sapwood intertwined with the chocolate/light brown heartwood gives this species a beautiful contrast.

AMERICAN CHERRY

The highly sought after American Cherry has unique grain patterns and a reddish brown color. Used in high end furniture and cabinetry worldwide, American Cherry makes for a beautiful cutting surface.

EDGE GRAIN

Made with 1-3/4" wide strips of wood that can be full length strips or finger jointed random length pieces glued together with the edge grain face up.

END GRAIN

Made up of many little squares of wood, cut and stood on "end". Glued together with steel fasteners randomly placed inside the top for stability.

OIL FINISH

Oil Finish is food safe and designed for the working chef's kitchen. Whether used on a countertop or cutting board, the oil finish is intended to be used for a cutting surface. The oil finish has a natural matte appearance that helps to protect the wood from moisture and humidity exchange. With proper care and maintenance, your natural wood surfaces will be beautiful and functional for years to come.

VARNIQUE FINISH

This beautiful semi-gloss polyurethane finish is virtually maintenance free. It is impervious to most household chemicals and is easily cleaned with mild soap and water. The fine furniture look makes it the choice for kitchen island bars and eating counters. It is not meant to be used as a cutting surface, but if minor cuts in the finish should appear, they will need to be resealed to prevent moisture from absorbing into the wood. Reseal any damaged areas with EZ-DO Poly Gel. Note: All Cutting Boards have an oil finish.

GOURMET FURNISHINGS - BUYING GUIDE

STANDARD SPECIES

NORTHERN HARD ROCK MAPLE

Northern Hard Rock Maple is the strongest and most dense of all species of maple. Used primarily for furniture and flooring, Northern Hard Rock Maple makes a great, affordable cutting board.

AMERICAN BLACK WALNUT

Prized for its dark tones and tough structure, American Black Walnut is a sought after species for cutting boards. The white sapwood intertwined with the chocolate/light brown heartwood gives this species a beautiful contrast.

AMERICAN CHERRY

The highly sought after American Cherry has unique grain patterns and a reddish brown color. Used in high end furniture and cabinetry worldwide, American Cherry makes for a beautiful cutting surface.

EDGE GRAIN

Made with 1-3/4" wide strips of wood that can be full length strips or finger jointed random length pieces glued together with the edge grain face up.

END GRAIN

Made up of many little squares of wood, cut and stood on "end". Glued together with steel fasteners randomly placed inside the top for stability.

BOOS BLOCK CREAM WITH BEESWAX FINISH

Food safe and specially formulated for End Grain Butcher Blocks. This rich, protective cream deeply nourishes the wood, preserving its integrity while creating a smooth, waxed barrier that helps resist moisture and prevents drying or cracking. The addition of natural beeswax enhances its sealing properties, ensuring that your end grain butcher block remains durable, beautiful, and ready for years of use. Regular application maintains the wood's natural luster and extends its lifespan in the working chef's kitchen.

VARNIQUE FINISH

This beautiful semi-gloss polyurethane finish is virtually maintenance free. It is impervious to most household chemicals and is easily cleaned with mild soap and water. The fine furniture look makes it the choice for kitchen island bars and eating counters. It is not meant to be used as a cutting surface, but if minor cuts in the finish should appear, they will need to be resealed to prevent moisture from absorbing into the wood. Reseal any damaged areas with EZ-DO Poly Gel.

CHOOSE YOUR PREFERRED COLOR BASE OPTIONS

John Boos & Co. gives you the option of choosing from a variety of base colors to fit your kitchens preference. Choose from 9 different base colors.

BUTCHER BLOCK KITCHEN COUNTERTOPS BUYERS GUIDE

BEFORE YOU BUY

John Boos & Co. butcher block countertops are manufactured to exacting standards under constant quality control inspections.

Cutting a butcher block top exposes unprotected hardwood. This needs to be refinished immediately. Failure to do so could lead to cracking of the top. Once you have made a cutout in the top, you should coat the exposed area by applying Boos® Mystery Oil or EZ-DO depending on the finish you have.

Changes in atmospheric conditions can affect natural wood products. Extreme changes in humidity may cause the product to warp. These are not defects in the product or its manufacture and are beyond our control. Proper installation and care are the best methods to keeping your butcher block top in prime condition.

Overhang of 8" or more on width or 12" or more on length must be stabilized with support. There is a +/- 1/8" tolerance for the length, width & thickness on all tops.

TWO UNIQUE FINISHES - PERFECT FOR YOUR APPLICATION

Certainly the ultimate kitchen will have natural butcher block countertops throughout. However, any design and decor can be enhanced by the addition of this gorgeous, yet useful surface. Many home chefs appreciate a built-in cutting surface next to their cook top. A butcher block island under a hanging pot rack makes a perfect prep area, or you may want to add the warmth and beauty of butcher block as a raised breakfast bar with stools.

NATURAL OIL FINISH - CUTTING SURFACE

If you wish to use your butcher block top as a cutting surface, this is the factory finish to choose. Just like on cutting boards and butcher blocks, the natural wood surface is protected by oil, which is actually absorbed into the fibers. We advise to periodically re-oil your butcher block tops to preserve their beauty and durability (PG. 4-5). If, after heavy usage, you wish to remove cut marks, simply sand the surface and re-oil. It will look like new.

Refinishing: Can be sanded with fine sandpaper, sanding with the grain and re-oiled with Boos Mystery Oil. Note: Oiled tops need to be oiled every 3-4 weeks. Northern Hard Rock Maple turns white when dry.

VARNIQUE FINISH - SEALED SURFACE

This beautiful semi-gloss polyurethane finish is virtually maintenance free. It is impervious to most household chemicals. Cleans easily with mild soap and water. The fine furniture look makes it the choice for kitchen island bars and eating counters. Cuts in the finish should be resealed immediately to prevent the exposed wood from absorbing moisture.

Refinishing: Can be spot sanded, if needed, or repair and refinish with EZ-DO wipe on poly gel (PG. 5)

BLENDED - WALNUT COUNTERTOPS

Prized for its dark tones and tough structure, American Black Walnut makes for a top-of-the-line cutting area. Blended countertops are manufactured with a blend of heartwood & sapwood, hence the color variations, giving it a unique appeal.

BLENDED - OAK COUNTERTOPS

A traditional choice, Appalachian Red Oak has similar heartwood and sapwood colors, with sapwood slightly lighter. Blended countertops are manufactured with a blend of heartwood & sapwood, hence the color variations, giving it a unique appeal.

RAIL STYLES

FULL LENGTH RAILS - EDGE GRAIN

Built on a history of over 130 years of American craftsmanship, Boos® butcher block surfaces fill your kitchen with timeless tradition in countertop appearance while maintaining a natural food safe element for food preparation. Ultra premium countertops are manufactured with full length continuous rails from our choice selections of American hardwoods.

BLENDED RAILS - EDGE GRAIN

Boos® Blended kitchen countertop surfaces offer harmonious character & provides naturally defined individuality. Blended tops consist of full length exterior rails and random finger-jointed interior rails. Crafted of North American hardwoods, the rails in a blended top feature different parts of a tree, (a blend of heartwood & sapwood) hence the color variations. Natural mineral streaks and unique wood grain patterns also add to its unique appeal.

SUBMITTAL OF A PURCHASE ORDER INDICATES YOUR AGREEMENT TO OUR TERMS AND CONDITIONS LISTED BELOW
ALL PRICES ARE LIST - F.O.B FACTORY • ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE

OPENING AN ACCOUNT

All new accounts will be set up on a cash-in-advance basis until such time that the Credit Dept. has been able to establish open account terms. Minimum opening order to establish a new account is $500.00 net. No account will be permitted open account status unless they can be opened for at least a $1,000.00 credit limit. Payment terms are Net 30 Days.

ORDERING

Once an account has been established, subsequent minimum order is $100.00 net. A charge of $25.00 or the amount necessary to reach $100.00 (whichever is less), will be added to the invoice.

MAP PRICING AGREEMENT

Dealer Online Representation: Pre-authorized web based representation of the John Boos & Co. product line must adhere to written contractual agreement and minimum advertised pricing (MAP). MAP PRICING = LIST PRICE.

F.O.B FACTORY

All John Boos products are shipped F.O.B. Effingham, IL 62401. Whenever possible, orders may be consolidated for freight savings by contacting the factory or your representative.

CAUTION: FREIGHT CLAIMS

Before accepting any shipment, examine it carefully and note any damage or shortage on the Freight Bill before signing for delivery. All claims for shortage or damage must be filed with the carrier. Title passes from John Boos & Co. to the purchaser at point of origin of shipment. If, after receipt of shipment, concealed damage is discovered, immediately notify the delivering carrier requesting immediate inspection. The inspection report should be used to support your claims against the carrier. John Boos will not file claims with 3rd party carriers.

RETURN SHIPMENTS

We will not accept any returned merchandise unless written authorization has been issued. Any claims for defective materials or workmanship should be mailed to the factory.

UNUSED merchandise in A-1 condition - there is a 25% or greater restocking charge for AUTHORIZED returns. John Boos reserves the right to deny returned merchandise.

TERMS & CONDITIONS

CONFIRMATIONS & ACKNOWLEDGMENTS

We request that all orders be faxed or emailed to John Boos & Co., Fax 800-433-2667, Email purchaseorders@johnboos.com.

We acknowledge all orders in writing and this acknowledgment constitutes our agreement, as the company will not be held responsible for errors due to misunderstandings on verbal orders or verbal agreements with our Sales Representatives.

CANCELLATION POLICY

Any special orders that have been entered into production cannot be canceled without paying all costs incurred by our company in the preparation of special plans, materials purchased or produced. No changes can be made once a "special order" has been entered into production. Any costs incurred therein will be the responsibility of the customer. Purchase orders may be changed up to 14 days before the scheduled shipping date without penalty, if production has not commenced.

Absolutely no order changes or cancellations will be accepted within 14 days of the originally scheduled ship date.

DROP SHIPPING

John Boos & Co. will drop ship to the contiguous 48 states (PO BOX not accepted), as well as a residential address (Residential drop ship fee of $10.00 applies). Freight charges may be prepaid and added to your invoice if specified on shipments for locations other than the billing address. Note: For residential delivery, liftgate service, notification of delivery, and other special requirements, additional charges may apply.

WARRANTY

The only warranty, expressed or implied, is a 1-year guarantee against defect in workmanship and material.

This warranty does not apply to damages which may result from neglect, accidental or intentional damage, damage or wear to any swivel mechanism, normal wear and tear, misuse of product, unauthorized repair, exposure to extremes in temperature and humidity, and alteration or abuse of the product. Wood products ordered 'unfinished' do not come with a warranty.

Repairs or replacement under this limited warranty will be made through an authorized John Boos & Co. distributor, if possible, the same dealer/distributor from which the product was purchased. Should the dealer or factory representative find return of the product to the factory necessary, all packing and shipping costs will be the responsibility of the customer. If a dealer/distributor is not available, contact the Customer Service Department at John Boos & Co., 3601 S BANKER ST, Effingham, IL 62401, Ph (888) 431-2667 for the name and location of the nearest authorized distributor.

Factory obligation under this warranty, is limited, at the option of John Boos & Co. to repair or replace the product (or one of equal type and quality if the product is no longer available), within 90 days after receipt of written recommendation from the dealer, provided none of the above exceptions are evident.

John Boos & Co. shall not be liable for any loss or damage arising from use, or for consequential damages. This warranty gives certain legal rights and there may be other rights that vary from state to state.
